● 前海扩区

Qianhai Expansion

前海扩区释放的战略效应。以前海扩区、《前海深港现代服务业合作区总体发展规划》发布为契机，宝安将前海的政策优势与宝安的资源禀赋有机结合，共享“**双 15%**”税收政策，联动前海释放扩区战略效应，与港澳联系合作更加紧密，开放能级进一步拓展。

Strategic effects released by Qianhai Expansion. Taking Qianhai Expansion and the release of the Overall Development Plan for the Qianhai Shenzhen-Hong Kong Modern Service Industry Cooperation Zone as an opportunity, Bao'an will integrate the policy advantages of Qianhai with the resource endowment of Bao'an to release the strategic effect of Qianhai Expansion, jointly implement a 15% preferential income tax policy for high-end talents and qualifying enterprises, gain closer cooperation with Hong Kong and Macao, and further expand its openness.

前海扩区前 **14.92 平方公里**，扩区后 **120.56 平方公里**，宝安 **82.75 平方公里** 城区（宝安中心区、空铁门户区、会展海洋城）纳入前海合作区实施范围。宝安的 **1/5** 是前海，前海的 **2/3** 是宝安。

Qianhai area covers 14.92 km² before expansion and 120.56 km² after expansion. Bao'an's 82.75 km² of urban area (Bao'an Central Area, Air and Railway Terminal Area, and Exhibition Ocean City) will be included in the implementation scope of Qianhai Cooperation Zone. One fifth of Bao'an lies in Qianhai, and two-thirds of Qianhai lies in Bao'an.

宝安加快重点片区开发建设，将重点片区建设作为提升城区发展能级和核心竞争力的重要抓手，加快塑造区域发展动力核，以点带面带动城区整体高质量发展。

Bao'an is accelerating the development of strategic zones, positioning these flagship projects as a pivotal lever to elevate urban development capacity and core competitiveness. By forging high-intensity regional growth engines, the district aims to catalyze comprehensive, high-quality development across the entire city through focused demonstration of these strategic hubs.

三大市级战略平台空间布局

Three Municipal-Level Strategic Platforms

湾区芯城

Chip City of Bay Area

发展方向：全广东省首个“整街统筹”项目，在街道全域打造“特色山水 + 智能产业 + 智慧城市”综合治理开发的样板区。

主导产业集群：

- ① 半导体与集成电路、智能终端
- ② 智能网联汽车、新能源
- ③ 低空经济与天空

规划面积：36.5 平方公里

Development Direction: The first "whole street integration" project in the Guangdong province, creating a model area of "characteristic landscape + intelligent industry + smart city" comprehensive management and development in the whole area of the street.

Leading Industry Clusters:

- ① Semiconductor & Integrated Circuits, Smart Terminal
- ② Intelligent Connected Vehicles (ICV), New Energy
- ③ Low-Altitude Economy, Aerospace Technology

Planning Area: 36.5 km²

新桥东先进制造产业园

Xinqiao East Advanced Manufacturing Park

发展方向：深圳首个平方公里级“工改工”项目、深圳最大的“工业上楼”试点园，投资 500 亿，将提供 500 万平方米优质产业园，未来实现 500 亿元产值。面向制造业上市企业，定制化建设、“成本 + 微利”租售，打造“总部 + 研发平台 + 母工厂”世界级智能制造园区。

主导产业集群：

- ① 高端装备与仪器、网络与通信、半导体与集成电路
- ② 智能机器人、智能终端
- ③ 现代物流业、低空经济与天空

规划面积：2.3 平方公里

Development Direction: Shenzhen's first squarekilometer-level industrial land renewal project. It's the largest Vertical Factories pilot park of Shenzhen. By investing 50 billion RMB, it will provide 5 million m² of high-quality industrial park, achieving 50 billion RMB output in the future, and creating a world-class intelligent manufacturing park featuring "headquarters+R&D platform + mother factory".

Leading Industry Clusters:

- ① Advanced Equipment & Instrumentation, Network & Communications, Semiconductor & Integrated Circuits
- ② Intelligent Robotics, Smart Terminal
- ③ Modern Logistics Industry, Low-Altitude Economy & Aerospace Technology

Planning Area:2.3 km²

石岩 - 百旺智造城

Shiyan-Baiwang Intelligent Manufacturing City

发展方向：石岩 - 百旺智造城被赋予“新型工业化示范区”、“万亿石岩”定位，与西丽科教城、光明科学城“三城”联动，共同发展，重点攻关产业发展中“卡脖子”关键问题。

主导产业集群：

- ① 半导体与集成电路、新能源
- ② 超高清视频显示、网络与通信
- ③ 智能终端、低空经济与天空

规划面积：65.5 平方公里

Development Direction: Designated as a "New-Type Industrialization Demonstration Zone" and a "Trillion Output Value" economic powerhouse, Shiyan-Baiwang Intelligent Manufacturing City is forging an alliance with Xili Science & Education City and Guangming Science City to drive collaborative innovation, with focusing on breakthroughs in critical bottleneck technologies across industrial chains.

Leading Industry Clusters:

- ① Semiconductor & Integrated Circuits, New Energy
- ② Ultra-HD Video Display, Network & Communications
- ③ Smart Terminal Ecosystem, Low-Altitude Economy & Aerospace Technology

Planning Area:65.5 km²

宝安区将加快推进“四块地两间房十二快”，让好项目有好空间可用。全力推动城市更新用地快批快建、产业用地快供快建、集中连片用地快谋快建、留用地快投快建，低效空间快整快用、新建空间快招快用。

Bao'an is striving to ensure premium projects to have premium spaces. This comprehensive strategy focuses on six acceleration pathways for land development: 1.Urban Renewal Land: Expedited approval and construction; 2.Industrial Land: Rapid supply and project commencement; 3.Contiguous Land Parcels: Strategic planning with swift execution; 4.Reserved Development Land: Fast-track investment activation; 5.Underutilized Spaces: Intensive optimization; 6.New Development Zones: Efficient allocation and utilization.

宝安区将全年供应城市更新用地 10 公顷以上，产业用地 30 公顷以上，集中连片用地完成土地整备 150 公顷以上，社区留用地开工 5 宗以上，低效空间优化产业空间 300 万平方米以上，新建空间供应 100 万平方米以上。

Bao'an District will deliver robust land supply targets: 1. Urban renewal land: Over 10 hectares allocated; 2. Industrial land: 30+ hectares supplied; 3. Contiguous land parcels: 150+ hectares consolidated; 4. Community-reserved land: 5+ parcels activated for development; 5. Space optimization: 3 million m² of underutilized industrial space upgraded; 6. New development zones: 1 million m² of premium space released.

打造现代化产业体系“新脊”

Establishing A Modernized Industrial System

宝安区因地制宜发展新质生产力，不断夯实工业基本盘地位，提升服务业发展能级，加快打造“视半工备、海陆空网”宝安产业新名片，构建具有宝安特点和优势的现代化产业体系。

Bao'an is leveraging local conditions to develop new quality productive forces, continuously strengthening the foundational position of its manufacturing sector while elevating the development capacity of the service industry. The district is accelerating efforts to forge a new industrial identity encompassing Ultra-high Definition Video Display Technologies, Semiconductor and Integrated Circuits, AI and Intelligent Robotics, Advanced Equipment & Instrumentation, Smart Terminal, Advanced Materials, Advanced Medical Instrument, Maritime Economy, New Energy & Intelligent Connected Vehicles, Low-Altitude Economy & Aerospace, Networks and Telecommunications, Software and Information Service Industry. Bao'an aims to build a modern industrial system with distinctive characteristics and competitive advantages.

- **“视”**：超高清视频显示产业集群，重点围绕下一代新型显示技术抢滩布局；
Ultra-high Definition Video Display Technologies. Strategically positioning Bao'an at the forefront of the next-generation display technology development.
- **“半”**：半导体与集成电路产业集群，围绕半导体研发与设计、封测等环节补链强链；
Semiconductor and Integrated Circuits: Strengthening R&D, design, packaging and testing capabilities to enhance industrial chain resilience and competitiveness.
- **“工”**：人工智能产业、机器人、智能机器人产业，全力角逐人工智能终端赛道，支持更多企业 AI 入端形成爆款产品；
AI and Intelligent Robotics: Racing to dominate the AI-enabled end device sector by implementing policies that accelerate enterprise adoption of AI, aiming to develop blockbuster consumer products.
- **“备”**：高端装备与仪器产业、智能终端产业、高性能材料产业、高端医疗器械产业集群，加快核心技术攻坚和终端品牌影响力建设；
Advanced Equipment & Instrumentation, Smart Terminal, Advanced Materials, and Advanced Medical Instrument: Accelerating breakthroughs in core technologies while enhancing brand influence in end-user markets.
- **“海”**：海洋产业集群，大力发展海洋电子信息、海洋高端装备和高端航运服务业；
Maritime Economy: Accelerating development in marine electronics, high-end offshore equipment, and premium maritime services.
- **“陆”**：智能网联汽车产业集群、新能源产业集群，结合宝安基础零部件产品引进整车及关键零部件链主企业；
New Energy & Intelligent Connected Vehicles: Leveraging Bao'an's foundational strengths in components manufacturing to attract anchor enterprises in vehicle integration and critical subsystems, building an innovation-driven mobility ecosystem.
- **“空”**：低空经济与空天产业集群，招引无人机整机企业、核心零部件企业及优质空天项目；
Low-Altitude Economy & Aerospace: Attracting complete UAV manufacturers, mission-critical component suppliers, and high-potential aerospace projects.
- **“网”**：网络与通信产业、软件与信息服务业产业集群，瞄准卫星互联网、光载信息、5G-A 等前沿技术领域和光芯片、光器件等重点环节。
Networks and Telecommunications, Software and Information Service Industry: focusing on satellite-based internet constellations, optical communication systems, and 5G-Advanced (5G-A) technologies, while furthering development in photonic components including optical chips and modules.

深圳市战略性新兴产业和未来产业“20+8”产业集群中，宝安拥有智能终端、超高清视频显示、软件与信息服务、网络与通信、半导体与集成电路 5 个千亿级产业集群产值；拥有高性能材料、高端装备与仪器、低空经济与空天、智能网联汽车等 9 个五百亿级产业集群。

Within Shenzhen's "20+8" strategic emerging and future industry clusters, Bao'an District forms five 100-billion-RMB-level industrial pillars: Smart Terminal, Ultra-high Definition Video Display Technologies, Software & Information Services, Networks and Telecommunications, and Semiconductor & Integrated Circuits. While also hosting nine 50-billion-RMB-level clusters, including Advanced Materials, Advanced Equipment & Instrumentation, Low-altitude Economy & Aerospace Technologies, and Intelligent Connected Vehicles (ICV).

焕发青春活力时尚美丽“新颜”
